

PAB Minutes
10/22/07

Boundary Discussion:

Kellie Nuber reviewed the current work of the boundary committee. Andrea Tribelhorn and Kellie represent FRHS. The committee has an established set of guiding principles in which they operate. The process has changed over the last couple of years. The committee will make a recommendation to Dr. Wilson for approval. There are several scenarios that the committee has looked at. Possible solutions have included 10 period days, limited school of choice and the movement of boundaries.

Grade Configuration:

Updates on the PSD website. Concerns: placement of teachers and movement of staff within PSD, communication with parents and students at the junior high level. Middle level discussions. FRHS has a staff committee working on our readiness plan. All schools and feeders need to demonstrate readiness before the movement of students will take place in 2009.

Accreditation Report:

The School Improvement Team has written the report which will be sent to PSD by Friday of this week. It is posted on the FRHS web under SIT.

Issues:

Trash in the parking lots. FRHS is in the process of educating students about the issue and the need to have the trash in the lot put in the trash cans.

Need for upper level computer programming classes and AP courses.
