

SIT Minutes
April 14, 2008

Boundaries:

Kellie Nuber reported to the group on the two choices for boundary changes. The details can be found on the PSD website. The committee balanced the numbers with their principles and out of that work came options A1 and B1. The committee's work goes on to the Cabinet and then a decision will be made by Dr. Wilson in May.

FRHS concerns: 5A/4A Athletics, safety of students and equity of opportunity for all students in PSD. Option A1 provides the best hope of that.

Site Readiness Plan:

The plan was reviewed and approved. Discussion around closed campus and lunch were key points for the plan. PSD needs to assist in providing a lunch program that will keep kids on campus.

Dr. Wilson's Visit to FRHS on April 28, 2008:

The following needs to be shared with him: praise for curriculum offerings including Economics and AP offerings, Service Learning, Civic Engagement and letters from parents to Dr. Wilson reflecting the parent's viewpoints.
