

Recommended Timeline for College Applications

We encourage all college-bound seniors to apply on-line, since paper applications are no longer the preferred method for applying to colleges. *Students are responsible for submitting their applications by the colleges' deadlines.* Because we often do not know when applications are completed and sent, we strongly recommend that seniors follow the timeline listed below. Following these recommendations will help to assure the best chance for admission and consideration for scholarships and financial aid.

Early Applications	Oct. 9
Out-Of-State Colleges	Nov. 13
In-State Colleges	Dec. 4

IMPORTANT: Please be sure to notify your counselor of all college applications, how and when they were sent, and then complete your transcript request forms by the dates above.
