Student Services					

Rocky’s counselors have created this guide to provide you with some basic information about planning for college. Use our College Planning Checklist on the next page in conjunction with this guide to learn how to discover, prepare, select, apply, decide and pay for college.

It is important to meet with us at least once a year throughout your high school career to discuss your plans after high school and to be certain you are meeting graduation requirements. Below are the names, numbers, and emails of Student Services staff members who can help you.

COUNSELORS

Brad Boda	970 488-7030	bboda@psdschools.org
Chrystal Kelly	970 488-7027	ckelly@psdschools.org
Pam Kilness	970 488-7029	pkilness@psdschools.org
Gregg Knoll	970 488-7028	gknoll@psdschools.org
Jo Lacricchio	970 488-7025	jturman@psdschools.org
Susan Takahashi	970 488-7026	stakahas@psdschools.org

SECRETARY

Leah Kapral	970 488-7032	lkapral@psdschools.org

[DISCOVER] YOUR INTERESTS, ABILITIES AND VALUES

- Participate in summer jobs, internships and special enrichment programs.
- Find volunteer and community service opportunities.
- Complete online career surveys and self-assessments to find suitable majors, careers and colleges.
 - o www.CollegeinColorado.org >Click Create an Account >Click Choices career Planner
- Shadow someone who has a job that interests you.

[PREPARE] FOR COLLEGE ADMISSIONS

- Attend the **Soph/Junior College & Career Planning Night** in late January/early February.
- Attend your **Registration Meeting** with your counselor during February/March.
- Work on study & organizational skills, time & stress management, and test & note taking skills.
 - o www.educationplanner.com
- Develop a college prep curriculum with your counselor and teachers and maintain good grades.
- College Entrance Tests (**Rocky's CEEB Code is 060588**)
 - o Research which test scores are required by the colleges that interest you.
 - o Practice Tests
 - PLAN (for sophomores to prep for ACT and assess career possibilities)
 - All sophomores take the plan on **October 30**.
 - PSAT (for sophomores/juniors to prep for SAT and qualify as National Merit Scholar)
 - Register before **Oct. 8th** to take **Oct 15th** test at Rocky
 - See your counselor for other scheduled practice ACT and SAT tests.
 - o ACT (juniors and seniors)
 - Begin preparing at www.actstudent.org in January of your junior year.
 - All juniors will take the ACT at Rocky on **April 22nd, 2009**.
 - Register at www.actstudent.org to retake the ACT in the summer/fall of senior year.
 - o SAT (juniors and seniors)
 - Find out if your college requires the SAT or SAT Subject Tests for admission.
 - Prepare and register at www.collegeboard.com.
- College Athletics & NCAA Clearinghouse
 - o Junior Year
 - Take the ACT. (State or National Test Date)
 - Visit www.ncaaclearinghouse.net to:
 - Register if there is a possibility you may participate in college athletics.
 - Confirm that you are taking the approved NCAA classes.
 - Ask **Mrs. Mulnix** to send a transcript to the NCAA in May.
 - o Senior Year
 - Take the ACT or SAT in the fall to improve your scores.
 - Ask **Mrs. Mulnix** to send a transcript to the NCAA in May.

[SELECT] COLLEGES

- Visit your counselor and share your plans with Mrs. Mulnix
- Visit **Mrs. Mulnix** in the College & Career Center to learn about resources.
- Research online for "good-fit" colleges and review admission requirements.
 - o NAVIANCE: <http://connection.naviance.com/rockymountain> (students--put in your PIV code, parents--put in your student's PIV code, followed by M or D for Mom or Dad)

- CollegeinColorado: www.CollegeinColorado.org
- www.collegeboard.com & www.princetonreview.com.
- Visit College Admission Representatives
 - Visit with them at Rocky. (Mrs. Mulnix and the NAVIANCE website have visit days and times)
 - Call colleges to schedule a campus visit.
 - Attend the **In-State College Fair** on **September 17th, 2008** at Rocky.
 - Attend the **Out-Of-State College Fair** on **September 30th, 2008** at Poudre High.
 - Use college evaluation sheets in College Planning Guide.

[APPLY] TO COLLEGE

- Attend your **Senior Meeting** with your counselor during September of your senior year.
- Attend the **Senior Planning Night** on **September 10th, 2008** at Rocky.
- Check **DEADLINES!** Student Services recommends submitting applications by **October 31st**.
- Apply Online**
 - Use your NAVIANCE account or visit college websites for links to online applications.
 - Tip #1: Organize paperwork by making a folder for each college with to-do list on the front.
 - Tip #2: Print a copy of your first application so you can use it to fill in information on others.
 - **Create a profile and open an application**
- Write Essay**
 - Find out if the schools you're applying to require an essay.
 - Get essay help from College Guide, English teachers, and counselor.
- Letters of Recommendation**
 - Find out if the schools you're applying to require letters.
 - Pickup an **Academic Profile** or create a **Resume** and give it to your counselor.
 - Give letter writer a copy of your **Academic Profile/Resume** and a stamped envelope.
 - Ask them to give a COPY to **Leah Kapral** in Student Services and THANK them.
- Submit Application Paperwork** (counselor evaluation, essays, letters of recommendation)
 - Fill out and give **Transcript Request Form** to **Leah Kapral** with \$3/transcript.
- Interview**
 - Find out if the schools you're applying to interview
 - See your counselor and Mrs. Mulnix for interview tips and preparation.

[DECIDE] WHICH COLLEGE IS RIGHT FOR YOU

- Consider what's important: location, cost, academics, activities, size, and program length?
- Visit the campus a second time if necessary.
- Compare financial aid packages and send your non-refundable deposit.

[PAY] WITH FINANCIAL AID, SCHOLARSHIPS AND FAFSA

- Begin searching for scholarships
 - www.fastweb.com & www.wiredscholar.com
 - NAVIANCE (visit Scholarship List)
 - **Local Scholarship Packet** from **Mrs. Mulnix** in the College & Career Center
 - Pick up in mid-January and return in mid-February of your senior year.
 - College to which you've applied
- Attend the **Financial Aid Night** on **December 10th, 2008** at Rocky Mountain High School.
- Register for **Colorado Opportunity Fund** at www.collegeincolorado.org if attending In-State.
- Checkout the **Western Undergraduate Exchange** (WUE) for lower out-of-state tuition options.
- FAFSA (Federal Application For Student Aid)
 - Register for your FAFSA PIN at www.pin.ed.gov. (you will use this PIN each year).
 - Encourage your parents to complete their income taxes early in order to apply for FAFSA.
 - Fill out FAFSA at www.fafsa.ed.gov after January 1st.

Career Testing & Exploration					

You don't need to know exactly what college or career path is best for you. However, it is important to figure out who you are and what your goals are before making any decisions about your life after Rocky. These websites will help you learn more about your interests, abilities, and values.

www.CollegeinColorado.org

[CollegeinColorado.org](http://www.CollegeinColorado.org) provides information and tools designed to help with all steps of the college application process. One such tool is Choices Planner. Choices Planner is an excellent resource that allows you to explore thousands of careers and colleges. To access Choices Planner go to www.CollegeinColorado.org. Click on Create an Account and put in your information. Then go to Choices career Planner under the PLAN heading.

www.careerkey.org

Go to Career Key and click on *You* and take the *Career Key Test* to measure your skills, interests, and personality. Then use this information to find jobs related to your profile.

www.keirseey.com

Go to this website and click on Keirseey Temperament Sorter at the top of the page. The *Keirseey Sorter* helps you learn more about your personality type. This will identify your patterns and preferences and will indicate how they relate to various careers.

<http://career.colostate.edu>

CSU's Career Center website offers several interest inventories to help you narrow down your skills and interests. You may also use the site to determine what careers you can explore with a particular major.

www.students.gov/STUGOVWebApp/index.jsp

This site offers comprehensive information on careers, education, military, financial aid, and travel.

Armed Services Vocational Aptitude Battery (ASVAB)

The ASVAB is a group of ten tests that measure one's ability in seven separate career areas and provides an indication of one's academic and occupational aptitudes. The test is administered and scored free of cost by a representative of a branch of the military, however no military obligation is incurred through the test. While all students interested in the military will take the ASVAB, the test is open to **any student** regardless of your interest in the military. The test provides valuable information regarding career skills and interests. Contact a local military recruiter for more information.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
Opportunities					

Summer Jobs

A summer job is a great way to learn valuable skills while making money for college. Turn this book over and check out the "Career Planning Guide" for more information on finding summer jobs. In addition, you can contact the PaCE office here at Rocky for job postings.

Internships

An internship can provide you with valuable career and on-the-job experience. You will have the opportunity to practice your communication skills and develop a network of relationships with people outside of Rocky. Internships are usually done during the summer. For more information contact the College and Career Center or the PaCE office.

Special Enrichment Programs

These programs enable you to further your career interests. They are commonly divided into three categories; specialty, college prep, and academic programs. Specialty programs allow you to experience non-academic programs like photography, creative writing, or theatre. College prep programs are focused on helping you navigate the college application process and college interviews. Academic enrichment programs offer an opportunity to study in specialized fields like science, math, art, or the humanities. For more information on programs for you, stop by and visit the College and Career Center or your counselor.

Volunteer & Community Service Opportunities

Serving your community is a great way to further develop your interests while helping others. Colleges typically look for applicants who have a passion about something and have spent considerable time volunteering within Rocky as well as the Fort Collins community. It's important to find opportunities that truly interest you as opposed to doing something to put on your resume, scholarship and college application. For opportunities here at Rocky, check out the many clubs and activities that are offered. For community opportunities visit the volunteer section on the FirstCall website at www.firstcall-vc.org.

Job Shadowing

Shadowing is a great opportunity to "try-on" a job. Setup a time to spend a morning, afternoon, evening, lunch, dinner, etc. with someone who is working in a job that you think sounds interesting. Ask lots of questions, like "Do you like your job?", "Where did you go to school?", or "What does a typical day like?". Remember, there is no such thing as a bad job shadow experience. If you finish and didn't like the job, that's one more career to cross off the list. You'll get the opportunity to shadow during Critical Skills, however many students shadow many times throughout their high school experience. Check with your parents, friend, family and counselor if you are looking for someone to shadow.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
	Admission Criteria				

To assist you in choosing classes and planning for college, we have outlined college admission criteria. Additional information will be provided at our college nights, college fairs, and in our College and Career Center. Your counselor can also provide information about specific community colleges, trade schools, colleges and universities, and other career options. Please remember, admission requirements are unique at each college and university and are subject to change. You can find this information by using college websites, college view books, the College & Career Center, Naviance, your counselor and [Mrs. Mulnix](#).

	CCHE Admission Standards				

Did you know Colorado colleges expect you to take an extra year of math and science beyond what Rocky requires for a diploma?

This Pre-Collegiate Curriculum is a combination of courses, primarily in the areas of English, mathematics, biological and physical sciences, and social sciences that you must plan to complete as preparation for entering one of Colorado's four-year public colleges or universities listed below. Community colleges will continue to be open admissions and if you apply to these institutions you are not subject to these standards. For more information, visit the Colorado Commission on Higher Education's website and click on "Admissions Standards": <http://highered.colorado.gov/Academics/Admissions/coursecompletion.html>

Academic Area	Credits Required	Credits Required
	Pre-Collegiate Curriculum	To graduate from Rocky
English	40	50 ¹
Mathematics (Integrated Math 1 or higher)	30 ²	20
Biological/Natural Sciences (20 credits of lab)	30	20
Social Sciences (at least 10 credits of US or World History)	30	35
Additional Academic Electives (English, math, science, music or art)	20	
Foreign Language	Not required ³	
TOTAL CREDITS	160	

¹ (5) speech credits, (35) language arts credits, and (10) US Literature and Humanities credits.

² Class of 2010 graduates will be required to earn 40 credits of mathematics.

³ Class of 2010 graduates will be required to earn 10 credits of foreign language.

These colleges and universities expect you to complete this curriculum:

- Adams State College
- Colorado School of Mines
- Colorado State University
- Colorado State University at Pueblo
- Fort Lewis College
- Mesa State College
- Metropolitan State College of Denver
- University of Colorado at Boulder
- University of Colorado at Colorado Springs
- University of Colorado at Denver
- University of Northern Colorado
- Western State College

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
	PLAN & PSAT Tests				

PLAN Test

The PLAN is a practice test for the ACT. The ACT has four subtests: reading, English, math, and science. It has an excellent career component for sophomores that will assist them in matching possible careers with self-reported interests. A detailed score report will be sent to you by ACT.

All sophomores will be taking the PLAN test to gain exposure to the ACT that will be taken by all juniors in April. This year Poudre School District is funding the test which eliminates any fees that were required previously. The test will be given on [Thursday, October 30th, 2008](#) at RMHS from [7:50 AM -11:10 PM](#). You should bring your ID, three pencils, a calculator, and snacks. You can contact [Gregg Knoll](#), counselor at Rocky Mountain High School for more information. In addition, you can contact the PLAN office at www.actstudent.org if you have questions, comments, or suggestions about test registration, administration, or score reports.

PSAT Test

The PSAT measures critical reading, math reasoning, and writing skills. The PSAT is a great practice test for the SAT and measures knowledge and skills developed through years of study in a wide range of courses as well as through experiences outside the classroom. It is slightly shorter and easier than the SAT, so it is a good introduction to college entrance tests. A detailed score report will be generated by College Board, and counselors will review the test results with students.

The junior year is the only year that students are eligible to qualify for the National Merit Scholarship program, so juniors who tend to score in the 90% and above on standardized testing should take the PSAT. Sophomores in the top 10% of their class should take it as well. The fee for [2008](#) is [\\$20.00](#). Pay at the fee window by [October 8th](#) to register. The test will be given on [Wednesday, October 15th, 2008](#) at RMHS from [12:00-3:00pm](#). You should bring your ID, three pencils, a calculator, and snacks. You can contact [Susan Takahashi](#), counselor at Rocky Mountain High School for more information. In addition, you can contact the PSAT/NMSQT office at psat@info.collegeboard.org if you have questions, comments, or suggestions about test registration, administration, or score reports.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
	ACT Prep				

Most colleges and universities will accept either the ACT or SAT. Check the colleges' admissions websites to see which tests they require. Students may want to take both tests. Schools generally accept the highest score on either test. Visit your counselor and these websites for test preparation help: Kaplan: www.kaptest.com, Princeton Review: www.review.com, Revolution: www.revolutionprep.com/, SAT Coaching: www.number2.com/, Sylvan Learning Center: www.educate.com/teachers/sat.cfm, Webmath.com: www.webmath.com/index2.html

The **ACT** is offered five times each year. For more information on this test and to register visit www.actstudent.org. ACT offers an Optional Writing Test for **\$15.00**. Please check to see if the colleges you are applying to require this test. **Rocky's ACT code is 060588.**

<i>Test Dates</i>	<i>Regular Deadline (Postmark Deadline) Basic Fee = \$31.00</i>	<i>Late Deadline (Postmark Deadline) Basic Fee + Late Fee (\$20.00) = \$51.00</i>

If you are planning to enroll in college as a freshman and you want to participate in Division I or II athletics you must be certified by the NCAA Initial-Eligibility Clearinghouse. Registration must be done online at www.ncaaclearinghouse.net. The NCAA charges \$60.00 for this service.

To be certified by the Clearinghouse, you must:

Graduate from High School: You should apply for certification in your junior year if you are sure you wish to participate in athletics as a freshman. The Clearinghouse will issue a preliminary certification report when you have all your materials submitted.

Grade Point Average: Earn a minimum required GPA average on a 4.00 scale in a core curriculum of at least 16 academic courses (Division I), which were successfully completed during grades 9 through 12. Only courses that satisfy the NCAA definition of a core course can be used to calculate your NCAA GPA. No special values are allowed for "+" or "-" grades. The chart below shows what your core courses must include.

<p>Division I</p> <p>16 Core Courses:</p> <p>4 years of English</p> <p>3 years of mathematics (Algebra I/Integ.I or higher)</p> <p>2 years of natural/physical science (1 year of lab)</p> <p>1 year of additional English, math or science</p> <p>2 years of social science</p> <p>4 years of additional core courses (from any of the above or from foreign language)</p>	<p>Division II</p> <p>14 Core-Courses:</p> <p>3 years of English</p> <p>2 years of mathematics (Algebra I/Integ.I or higher)</p> <p>2 years of natural/physical science (1 year of lab)</p> <p>2 years of additional English, math or science</p> <p>2 years of social science</p> <p>3 years of additional core (from any of the above or from foreign language)</p>
---	---

ACT or SAT Score: For Division I: The minimum grade-point average in the 16 core courses and required ACT or SAT score vary according to the initial-eligibility index below. Any special ACT/SAT testing sessions for students with handicapping conditions must receive approval through the NCAA Clearinghouse **prior to taking the special testing.**

Core GPA	ACT Sum	SAT	Core GPA	ACT Sum	SAT
> 2.500	68	820	2.250	77	920
2.500	68	820	2.225	78	930
2.475	69	830	2.200	79	940
2.450	70	840-850	2.175	80	950
2.425	70	860	2.150	80	960
2.400	71	860	2.125	81	960
2.375	72	870	2.100	82	970
2.350	73	880	2.075	83	980
2.325	74	890	2.050	84	990
2.300	75	900	2.025	85	1000
2.275	76	910	2.000	86	1010

Information on the Clearinghouse and on RMHS's Core Courses can be found at www.ncaaclearinghouse.net. The RMHS code is: **060588**

	Athletic Interest Letter				

If you are interested in competing in athletics in college it is important in your junior and senior year to communicate with coaches about your athletic interests. The following is a sample letter to a college coach highlighting an athlete's strengths, skills and interest in a particular sport. Please remember that there are many rules and regulations surrounding NCAA athletics. Visit www.ncaaclearinghouse.net for more information.

Date

Coach (insert last name),

My name is Joe Athlete and I am currently a (junior or senior) at Rocky Mountain High School in Fort Collins, Colorado. I am presently looking for colleges where I can continue to be a student athlete. I was nominated for the McDonald's All American Team, as well as All-State in Colorado. I earned All Conference Honors both junior and senior year.

I am very interested in learning more about (insert college name) and about your basketball program. I have enclosed a DVD of our (insert game date) game against Fort Collins High School, so that you can get a better understanding of me as a player. My jersey is #15. I hope this film shows you that I am capable of playing any guard positions.

Please feel free to contact myself at 970-555-5555 or Coach Bruce Dick at 970-555-5555. Thank you for your time and consideration. I hope to speak to you very soon.

Sincerely,

Joe Athlete

Joe Athlete

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
		Naviance			

The counselors in Student Services at Rocky Mountain High School, are excited to introduce **Family Connection** from **Naviance**, a Web-based service designed especially for students and parents. Family Connection is a comprehensive website that you can use to help in making decisions about courses, colleges, and careers. Family Connection is linked with Counselor's Office, a service that we use in our office to track and analyze data about college and career plans, so it provides up-to-date information that's specific to our school.

Family Connection will allow you to:

- **Get involved in the planning and advising process** – Build a resume, complete on-line surveys, and manage timelines and deadlines for making decisions about colleges and careers
- **Research colleges** – Compare GPA, standardized test scores, and other statistics to actual historical data from our school for students who have applied and been admitted in the past
- **Sign up for college visits** – Find out which colleges are visiting our school and sign up to attend those sessions

Family Connection also lets us share information with you **about up-coming meetings and events, local scholarship opportunities, and other Web resources for college and career information**. You can also use the site to send us an e-mail message.

To access Family Connection, go to <http://connection.naviance.com/rockymountain>. Enter your PIV code in the "New User" box if you are a student. If you are a parent, enter your students PIV code, followed by an M for mom or D for dad. For example, 12345M or 12345D.

We hope that you will find this resource helpful. If you have further questions about Family Connection, please contact us.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
		Things To Consider			

There are many things to consider when selecting a college. Here's a list of some important factors. Rank them in their order of importance to you.

Academic Rigor

Are you interested in being challenged by students who score higher than you or would you like to be on a campus where most students didn't do as well as you? You may gauge a school's academic toughness by looking at its "Freshman Profile", through which you can see the average scores on the SAT or ACT as well as the average range in GPA's of the incoming freshman class.

Geography/Location

Do you see college as an opportunity to flee the nest and live independently or would you be more comfortable, for now, being closer to home? Can you handle major climate changes - cold in the winter and hot in the summer? Do you want to be in a big city or a small town?

Size

Would you feel more comfortable swimming in a small pond or joining the masses in the ocean? Are small classes and more individual instruction, prevalent on small campuses, a desirable factor? Would you accept some large classes, where you're likely to be just a number, in exchange for the wide variety of activities, culture, and social life that a major university offers?

Majors

This is very important if you know what you want to study. Determine whether or not the schools you like offer the major you are interested in. Many colleges don't require students to select a major until their second or third year. If you find this is your current thinking, you should investigate the values of a liberal arts education at a college or university. Experiment with different classes your freshman year and find your interests.

Housing and Campus Life

Want to live on campus or would you not mind if most students commute from home each day? Consider the quality of dorm life. Are special interest groups, activities, athletics and sororities/fraternities available if these are important to you?

Students

Would you like an even balance between the sexes or would you like to live on a campus where your sex dominates? Is racial and ethnic diversity important? How about geographic diversity? Some colleges get more than 90% of their students from their own state. Again, the "Profile for the Entering Freshman Class" can be a useful source.

Cost

How much you pay certainly will be important, but at this stage it should not be an overriding concern. Find the colleges that fit you best, regardless of cost, and compare their financial aid offers. Two points to remember: most students don't pay the published tuition cost and many colleges offer sizable tuition discounts to lure students they really want.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
		Campus Visit ✓ List			

Some things you might want to do while on campus:

- Meet with an admission counselor and verify admission requirements.
- Take a campus tour. See inside a dorm room.
- Attend a class to get an idea of typical size, teaching style and academic atmosphere.
- Meet with faculty in the academic area of interest to you. Ask about academic requirements and offerings as well as the placement record of graduates in the field you wish to study.
- Meet with a financial aid representative and ask about financial aid opportunities and scholarships.
- Determine actual college costs.
- Talk with students and faculty.

Senior Thought...

There's going to be some sort of rejection in all this.

Some questions you might ask your campus guide:

- How large are your classes? What is the largest class you've had?
- Do professors or graduate assistants teach your classes and how available are they?
- How adequate is the library? Do I have to bring a computer?
- What is housing like and where is the best place to live?
- What is the Greek system like? How big are athletics? Are there many clubs and activities?
- How competitive is the student body? What emphasis is placed on academics?
- What are weekends like? Do many students leave campus?
- Is this a diverse campus? What are the issues on campus?
- Is tutoring available? Can I get help writing papers?
- What do you like most about your experience and education here?

Some questions you might ask college representatives:

- What high school courses are required for admissions? GPA? Test scores? High school rank? Are there different requirements for the major I want (Engineering, Art, Business, etc.)?
- Will high school activities be considered?
- Should I submit an essay and/or letters of recommendation? What weight is placed on these?
- Is there an early decision or early action plan?
- On what basis are students accepted? What is the percentage of applicants accepted?
- What special or unique programs are offered? Do you encourage study abroad?
- Is housing guaranteed for freshmen? Is it available all four years?
- What is the surrounding community like? Is it supportive of the college?

		College Evaluation			

We want you to collect information from campus visits, college handbooks, school websites, your counselor, and the College and Career Center. While collecting this information and when it is fresh in your mind, it is important to take a few minutes to compare your impressions of the colleges by ranking certain characteristics.

College:					
	1 Poor	2	3	4	5 Excellent
ACADEMICS					
Program and atmosphere					
Student-faculty ratio					
Accessibility of faculty outside of class					
Faculty teaching reputation					
Opportunities for independent study					
Opportunities for international study					
Opportunities for internships					
Opportunities to see visiting artists, performers & lecturers					
ADVISING & COUNSELING					
Academic advising program					
Career counseling program					
Personal counseling program					
CAMPUS					
Setting and architecture					
Facilities (classrooms, labs, practice rooms)					
Computer availability and Internet access					
Library as a place to study and do research					
Cultural facilities (theaters, galleries, concert halls)					
Recreational facilities (gyms, tracks, pools, etc.)					
Student health facilities					
Location of campus and surrounding town or city					
Size of student population					
Opportunities for part-time work					
Opportunities to participate in clubs, sports and activities					
Residence halls or other types of college housing (special houses, fraternities, sororities, etc.)					
Opportunities for entertainment and social life (movies, concerts, dances, coffee houses, etc.)					
Food					
Other factors of importance to you					

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
			Application Steps		

Finding an Application

Most colleges have their applications online and encourage you to apply by visiting their website. You can contact the college if you have questions about the application. The College and Career Center at Rocky also has many applications and other resources.

STEP 1

Deadline Dates and Admission Policies

We encourage students to apply to 5-6 different colleges. An application fee of \$30.00 - \$60.00 is usually required for each application which is not refundable even if your application is rejected. Fee waivers are available at some colleges. See your counselor for more information.

STEP 2

Seniors should watch deadline dates specified by each college. Rocky's counselors recommend applying by October 31st. However, in most instances, college applications should be sent as soon as possible and certainly prior to January 1st. On occasion, deadline dates for applying are no more than a guideline and a college may actually cut off accepting applications earlier than its final date if it fills its classes before then, or it may continue to accept applications beyond that date if it still has room for more students.

Completing the Application

Colleges are not alike and application forms may vary significantly. However, there are some institutions, listed on www.commonapp.org, which will accept the Common Application. This application can be sent to multiple schools, thus saving you time and energy. Please review the college's website to see if they use the Common Application. Colleges and universities typically collect the following information:

STEP 3

- 1. Application:** This serves the purpose of identifying the student to the college (name, address, high school, etc.), as well as obtaining the student's personality and strengths.
- 2. SAT or ACT Scores:** These scores are typically on your transcript. If not, students should send these directly to the colleges by requesting the release of their scores on the ACT/SAT registration form. Contact www.actstudent.org and/or collegeboard.com to register.
- 3. Essay:** Some colleges may require an essay. You can find more information on writing essay under the APPLY heading of this book.
- 4. Letters of Recommendation:** Some colleges request that counselors, classroom teachers, coaches, etc., assess an applicant's ability, in which case they inform applicants of this on the application or by supplying them with recommendation forms. If a college does not ask for these, students need not feel obliged to send them. Keep in mind that letters of recommendation can strengthen your application. Give your letter writers at least three weeks to write the letter and supply them with a stamped and addressed envelope to mail the letter directly to the college. Ask them to also give a copy to [Mrs. Kapral](#) in Student Services. Recommendations from others

(community leaders, influential friends, etc.) are of less value to admissions officers and should be sent only after the student has conferred with their school counselor. Please give your teacher an **Academic Profile** or **Resume**, your transcript and your essay. This form can be found in Student Services or in this book under the APPLY heading.

5. Transcript: Transcripts show courses taken and grades earned from 9th to 12th grade. They also contain the student's rank in class and scores on standardized tests (SAT's or ACT's). The transcript must be sent to the college from Student Services. Please fill out the **Transcript Request Form** in the Student Services office and submit it to [Mrs. Kapral](#) with the fee of **\$3.00**.

Submitting the Application

If you apply online your application will automatically be sent to the college. You can often pay your application fee online too. Whether you complete an online or paper application, you must still request a transcript from [Mrs. Kapral](#) in Student Services. Please complete a **Transcript Request Form** at least three weeks prior to the college's application deadline. The cost for processing is **\$3.00** per transcript. Student Services will mail your transcript and any other required documents to the college. Be sure to make copies for your records. (Make copies of financial aid applications as well.)

STEP 4

Many colleges have a variety of application options for you to choose among. Application plans may vary from college to college, so read each college's brochures carefully for the exact rules and deadlines.

Regular Admission: Send in your application by the college's deadline. On certain dates, the college will tell you whether you have been admitted.

Early Decision: This is a plan to use only if you have a clear first choice college. You will apply and receive notification of admittance early. You make a commitment to attend the college if you are accepted. You may only apply using early decision to one school. Please speak with your counselor about this option.

Early Action: This plan has an early application deadline and early notification of admittance from the college. You will not have to commit in advance to attend the college if you are accepted.

Rolling Admission: This is the same as regular admission, except that the college makes its admissions decisions as applications are received.

Waitlist: A college does not initially offer or deny admission, but extends to an applicant the possibility of admission in the future.

How have you demonstrated leadership potential?

What would you want to be sure that a college admissions office know about you?

--

Please share any other information that would be helpful in writing a letter (obstacles overcome, bad freshman year, family struggles, etc.). Please indicate what information the writer should highlight for this letter of recommendation.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
			Essay		

The purpose of the essay/personal statement is to present yourself in a way that reaches beyond grades, recommendations, and test scores. It allows an insight into who you are. Essays are typically one page in length. Not all colleges require an essay, but many highly recommend it. Please check with the college you are applying to for more information about essays.

The Essay Should...

- Address a talent, a passion, a memorable event or person, a goal, or a personal accomplishment.
- Be sincere, honest, straightforward, clear, and specific. Remember to proofread.
- Discuss something of personal importance; use your own voice and style.

The Essay Should Not...

- Describe anything phony, offbeat, in bad taste, be pretentious or arrogant, deal with a questionable topic, or be outrageous.
- State anything described in other parts of the application.

What Do Colleges Look For?

The admissions staff will evaluate your application essay (typed) on:

1. Your ability to use standard written English.
2. Content, substance, and depth of insight, reflecting your ability to think about yourself and to convey your true feelings or opinions about a topic.
3. Creativity and originality. "It is at this level," according to a dean of admissions, "that students can position themselves as unique - as individuals who would bring a freshness of vision and viewpoint to the college that will enhance the quality of its academic and social life."

Writing Tips

1. Plan your essays during the summer before your senior year or early in your senior year.
2. Be sure you understand the college's topics, directions, and deadlines.
3. Before you start your essay, jot down your aspirations, experiences, successes, academic history and unique qualities. To focus your essay, develop a one-sentence theme using these ideas.
4. Think about the form you might use to convey your information. Straight prose is fine and creativity is valued.
5. Now write a draft. Set the draft aside for 24 hours, and then read it to spot clichés, vagueness, dullness, grammatical errors, and misspellings. Is it focused on your theme, or does it ramble? Is it confusing or boring? Does the introduction "grab" the reader?
6. Rewrite your essay and repeat step 5 as often as necessary to sharpen your essay.
7. Ask someone whom you respect to read your essay and give you his or her candid impression. ("How do I come across as a person? What parts confuse you? Where do I need more details? What parts did you like best?")
8. Polish the essay by checking again for spelling and grammatical errors, awkward phrasing, and unnecessary words. Read your essay out loud to locate the rough spots.
9. Type your essay, unless the college requires a handwritten version, and proofread it.
10. Mail your essay on time and relax.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
			Interviews		

Some colleges require an interview, though many do not. If the college requires or recommends one, see if you can schedule it during your campus visit. During the interview you will probably be asked about your academic background, interests, hobbies, goals, and why you are interested in the college.

Interview Tips (Talk to your counselor about additional strategies and practice interviews.)

- Be on time and call ahead if you will be late.
- Prepare a list of questions you have about the college or program.
- View the interview as a conversation in which you are interviewing the college also.
- Be concise and use specific examples.
- Relax and enjoy the experience.

Questions to ask in an Interview

- Does the college have academic programs that fit my interest?
- What is unique about the college?
- What is the school's procedure for credit for Advanced Placement high school courses?
- How does the advising system work?
- What extracurricular activities are there on campus? What are the facilities like?
- What kind of campus jobs can I get?
- How many students apply each year? How many are accepted?
- What are the average GPA and average ACT Assessment or SAT I score(s) for those accepted?
- As a freshman, will I be taught by professors or teaching assistants?
- When is it necessary to declare a major?
- Does this college offer study abroad, cooperative programs, or academic honors programs?
- What percentage of students receive financial aid based on need?
- What percentage of students receive scholarships based on academic ability?
- What technology is available, and what are any associated fees?
- How well equipped are the libraries and laboratories?
- Are internships available? How effective is the job placement service of the school?
- What is the average class size in my area of interest?
- How many students graduate in four years in my area of interest?
- What is the student body like? Age? Sex? Race? Geographic origin?
- What percentage of students live in dormitories? Off-campus housing?
- What are the security precautions taken on campus and in the dorms?
- Is the surrounding community safe?
- Are there problems with drug and alcohol abuse on campus?

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
			Admission Trends		

Colleges and universities may vary in regards to how they make their admissions decisions. Highly selective schools will place the most weight on grades and tests scores, while some private schools or specialty schools may be interested in a personal interview or an art portfolio. While schools may vary, most schools indicate that their admissions decisions are influenced by the following factors in this order of importance:

- ❖ Grades in College Preparatory Courses
- ❖ Admission Test Scores
- ❖ Grades in All Subjects
- ❖ Class Rank
- ❖ Counselor Recommendation
- ❖ Teacher Recommendation
- ❖ Essay/Writing Sample
- ❖ Interview
- ❖ Work/Extracurricular
- ❖ Ability to Pay

Senior Thought...
College admission isn't
a judgment on my life.

Senior Thought...
Successful college admission
is about ending up with a
choice...and being happy a
year from now.

Remember, colleges look for academic rigor in a student's high school schedule and look very favorably upon honors and AP courses. They prefer to see a student willing to take risks with AP courses, even if these courses result in a lower GPA. When deciding whether or not an AP course is appropriate for you, talk with your teachers, think about your time commitments, and consider taking an AP course or two in an area of interest and strength.

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
				Where should I go?	

When deciding on which college you want to attend, reexamine the selection criteria like, academic rigor, geography, size, major, etc.. In addition, do not choose a college or university for the following reasons:

1. Your boyfriend or girlfriend is going there.
2. Your friends are going there.
3. The tuition is low.
4. Because of it's party-hearty reputation.
5. The college brochure or university guidebook showed all these fun students sitting under trees.
6. A computer college matching program said this was your best choice. (Although these can be very helpful in narrowing your choices, you need to make the final decision.)
7. You visited just that campus and didn't want to look elsewhere.
8. It's located in your city or state and you didn't consider other locations, even though you could have.
9. It's the one college you and your parents have heard of.
10. You know you'll be accepted there.
11. Because of its prestige.
12. It has the academic program you're looking for, so the campus atmosphere doesn't really matter.

Chart your course to see which college or university best fits your financial resources. Your total in Funds Available should be at least the same amount as your total for Expenses. If not, you have a funding gap, meaning that you have more expenses than funds available and will need to take out a loan or seek other sources of funds.

Expenses	College 1	College 2	College 3	College 4
Tuition and fees	\$	\$	\$	\$
Books and supplies	\$	\$	\$	\$
Room and board	\$	\$	\$	\$
Transportation	\$	\$	\$	\$
Miscellaneous	\$	\$	\$	\$
Total	\$	\$	\$	\$
Funds Available				
Student and parent contributions	\$	\$	\$	\$
Grants	\$	\$	\$	\$
Scholarships	\$	\$	\$	\$
Work-study	\$	\$	\$	\$
Total	\$	\$	\$	\$
Funding gap				

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
					Financial Aid

Although financial aid may seem complicated and difficult, your counselors and the financial aid officers at colleges and related programs are there to help you. Don't hesitate to contact them.

What questions do I ask colleges and financial aid advisors?

- What kind of financial assistance does the college offer?
- What forms are needed? When are financial aid applications due?
- What costs are taken into account by the financial aid office?
- Are there any payment options available?
- When will I be notified about the amount of assistance we can expect?
- What is the average student loan debt of the college's graduates?
- Is there a restriction on the length of time for financial assistance?
- What impact do scholarships from outside sources have on financial aid?
- Is there a commitment for financial assistance beyond the first year?
- How and when do we apply for financial assistance after the first year?

How do I apply for financial aid?

- All students should file a **Free Application for Federal Student Aid form (FAFSA)** as soon as possible after January 1 of senior year. This is done once parents have completed their tax return.
- Forms are available in Student Services, however it is easier to file online at www.fafsa.ed.gov. **The Educational Opportunity Center** in Fort Collins offers free help with the FAFSA [970.221.4421](tel:970.221.4421).

How do I get more information on financial aid?

Request a free copy of "Funding Education Beyond High School" by writing to:

[Federal Student Aid Information Center](http://studentaid.ed.gov/students/publications/FYE/index.html)
 P.O. Box 84
 Washington D.C. 20044
 800-4-FED-AID
 Internet Address:
<http://studentaid.ed.gov/students/publications/FYE/index.html>

The U.S. Department of Education also has a toll-free number to answer questions about federal student aid programs [800.433.3243](tel:800.433.3243). If you are deaf or hearing impaired, you may call toll-free [800.730.8913](tel:800.730.8913).

What is the formula for determining financial aid eligibility?

Eligibility for federal student aid funds is determined according to rules authorized by Congress. Family size, income, assets and number of family members enrolled in postsecondary education are among the factors taken into account.

With program costs so high, as well as the rising cost of living in general, shouldn't I just look for the less expensive alternative?

Not necessarily. Expensive programs often have more financial aid to help families bridge the gap between the costs and what they can afford to pay. Match your interests with colleges' academic programs first, and then see if you can find a way to pay for your first choice.

Financial assistance is offered in several types from the federal government, state government, private sources, and from the colleges themselves.

Scholarships and grants are gifts of money. Often they are based upon need. Sometimes, they are awarded for academic excellence or special achievements.

Loans are a significant part of most aid packages. They must be repaid, but most often not until after you graduate.

Work-study is a part-time job on campus. For example, you might work in the library or as a food-service worker.

THE COLORADO COLLEGE OPPORTUNITY FUND

In May of 2004, Governor Owens established a new way to provide state tax dollars to higher education at the undergraduate level. The state no longer appropriates money to the institutions, but provides direct funding to undergraduate students through the College Opportunity Fund (COF). COF will be available to eligible undergraduate students who apply, are admitted and enrolled at a state or participating private institution of higher education beginning in the 2005-06 academic year. **For more information and to sign up visit this website:**

www.CollegeinColorado.org

DISCOVER	PREPARE	SELECT	APPLY	DECIDE	PAY
					Scholarships

Where can I find scholarships?

- Talk with the financial aid department at the college you are applying to. Ask about first generation scholarships (if neither parent has a bachelor’s degree).
- Use Naviance: <http://connection.naviance.com/rockymountain>. This website has a listing of scholarships by date.
- Use websites such as: wiredscholar.com, fastweb.com, collegeanswer.com, finaid.org, salliemae.com, athleticaid.com/index.html, hispanicfund.org, free-4u.com/minority.htm, danielsfund.org
- Check with your employer and your parents’ employers.
- Ask any clubs or organizations in which you are involved (Boy Scouts, 4-H, etc.).

What about local scholarships?

In January a local scholarship packet will be available for all RMHS seniors in the College and Career Center. Approximately 30 different scholarships are offered to students in the Fort Collins area via this packet. Once completed, the packet is returned to Student Services by mid-February, and then handled by scholarship committees as specified by the scholarship donor.

What is the Boettcher Scholarship program?

The Boettcher Foundation Scholarships are offered *“to keep the best and brightest in Colorado by awarding a four-year scholarship to any college or university in the state.”* Scholarships pay tuition, fees, books, and a stipend for room and board.

Applicants must meet these requirements to be considered:

- Rank in the top 5% of the graduating class
- Score at least a composite 1200 on the SAT or 27 on the ACT
- Be a U.S. and Colorado citizen domiciled in Colorado during the junior and senior years of high school

Selection is based on:

- Superior Scholastic Ability
- Evidence of Potential Leadership
- Service to Community and School
- Outstanding Character

Senior Thought...
College admission isn’t
a judgment on my parents
or my upbringing.

Application materials must be turned into Char Mulnix in the College and Career Center by **Friday, October 24, 2008**.

What is the WUE Scholarship?

WUE is the Western Undergraduate Exchange. Through WUE, students in western states may enroll in many two-year and four-year college programs at a reduced tuition level: 150 percent of the institution's regular resident tuition. WUE tuition is considerably less than nonresident tuition. For more information visit this website: <http://wue.wiche.edu/> or contact:

Student Exchange Programs
Western Interstate Commission for Higher Education
