

Week 7-8 Checklist:

- Finish All Learning Labs and Tests in the Testing Center, (1 Learning Lab per day, or 3-5 tests per day.
- If finished with all Learning Labs and Tests, retake 3-5 tests per day. Try to improve your average as much as possible.
- Finish Electronic Book Project and Email it to Mr. D.

New Project:

Photo Story 3:

- I. Decide what your project will be about. Some, but not all ideas:
 - a. [Make a Greeting Card](#) (Mother's day is coming up.)
 - b. Your favorite things
 - c. Your hobbies
 - d. Your family
 - e. Your pet
 - f. A poem
 - g. Inspirational Quotes
 - h. Something you feel strongly about
 - i. Anything else you can think of.
- II. Create Folder for Project
 - a. This is where you should save all pictures used for this project
 - b. If you skip this step you will **at least double** the time it takes you to do this project.
 - c. **Please** make this folder and save everything, including the project itself inside it.
- III. Collect Pictures
 - a. Digital
 - i. Email them from home
 - ii. Flash Drive
 - iii. CD
 - b. Hard Copies
 - i. Scan them all at once then crop each individual one for story.
 - ii. We have 2 scanners
- IV. Import Pictures into Photo Story 3
 - a. Add Titles
 - b. Add narration
 - c. Add music
 - d. Save your project as a .wmv file
 - e. Email it or save it on a flash drive or cd and share it with your family
 - f. Options: Add special effects and/or transitions, edit pictures with Photoshop Elements, save as high quality JPEGs, and import them into your story. **This is the final required project of the year. Make it a good one!**
