

**Traut Core Knowledge School
Policy for
School-wide community service project – bike trail
maintenance**

Approved on May 7, 1998
Sponsor: Gale Dunn

As a school we will maintain a section of the Fort Collins bike trail. The section of trail will be maintained during the school year by the individual grade levels on a rotational basis. During the summer months a PAB representative will organize monthly clean up efforts by contacting parents and staff and scheduling a clean up day. This policy will be reviewed each year and a determination will be made whether to continue this project.
