

Zach is starting something NEW...and would like you to participate. Zach's **Cultural Resource Group** invites you to support the Zach staff in enriching the Core Knowledge curriculum even more by bringing culture to life for all of our students. Through real-life, interactive opportunities, such as story tellers, dancers, musicians, artists and presentations, we hope students will gain a better understanding and acceptance of people with cultural differences.

Please help us by sharing your culture or cultural knowledge in Zach's classrooms or in future cultural events! You can also help with planning and bringing new, exciting cultural events to Zach, or by identifying other parents or community members who are willing to share their culture with our school.
